VIRGINIA'S LEAST WANTED

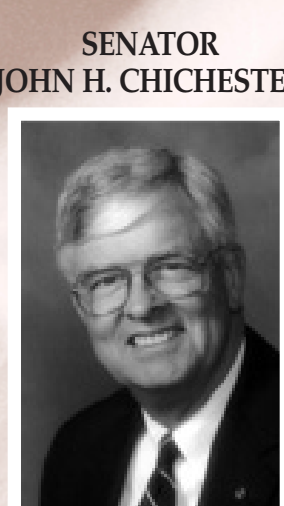

These REPUBLICAN legislators followed Governor Warner and voted at least once for the biggest tax increase in Virginia's history - Pricetag: \$1.6 billion!

LEAST WANTED SENATORS –

These senators are a dying breed of Republican. On average 12 years older than pro-taxpayer senators, they won't be around much longer. But a posse of taxpayers may send them away sooner at the ballot box, or force them into early retirement.
